

HELP WITH CONCEPTION OF CHILDREN

—The testimony of Andjela Zografakis—

September 4, 2025

On June 5th, 2021, I came to visit Saint Nektarios Monastery. Geronda crossed me with the Holy Cross and I learned two weeks later that I was pregnant. I gave birth to a healthy baby on January 31, 2022. Prior to this, we had tried to have a child ever since our wedding in October of 2017, but had no success after almost four years. We went to countless doctors and were told that there was nothing wrong, and that I should be able to get pregnant. I believe that the Holy Cross gave us the blessing of a baby through a miracle, because there is no other explanation, other than Divine intervention.

Also, in June 2024 I visited the Monastery, at which time Geronda crossed me once again with the Holy Cross. Two weeks later, on July 10th, 2024, I learned I was pregnant with our second child, and I gave birth on March 31st, 2025 to another healthy baby. Both instances, in my opinion, were miracles through the Holy Cross.

My husband and I are forever grateful and thankful to have received such a blessing.
